

eTranslation TermBank

Stimulates the collection and provision of **terminological resources**
in sector-specific domains and languages of interest
to sector-specific digital public services

Sector-specific domains and digital public services in focus:

- Health to support CEF DSI **eHealth**
- Business legislation to support CEF DSI **e-Justice**
- Customer protection to support CEF DSI **ODR**

Outcomes:

- 150 terminological resources for **official languages of the EU**
plus **Norwegian and Icelandic**
- "Terminology for Europe" network for **sustainable cooperation**
- Pipeline of **terminological resources flow to CEF eTranslation**
- Directory of entities dealing with **terminology on national level**
- Directory of existing **terminological resources in** the three
sector-specific domains
- Methodology for **preparation and application of terminological**
resources for CEF eTranslation

Impact:

- Improve the **quality and coverage of CEF eTranslation**
