eTranslation TermBank

Stimulates the collection and provision of terminological resources in sector-specific domains and languages of interest to sector-specific digital public services

Sector-specific domains and digital public services in focus:
- Health to support CEF DSI eHealth
- Business legislation to support CEF DSI e-Justice
- Customer protection to support CEF DSI ODR

Outcomes:
- 150 terminological resources for official languages of the EU plus Norwegian and Icelandic
- “Terminology for Europe” network for sustainable cooperation
- Pipeline of terminological resources flow to CEF eTranslation
- Directory of entities dealing with terminology on national level
- Directory of existing terminological resources in the three sector-specific domains
- Methodology for preparation and application of terminological resources for CEF eTranslation

Impact:
- Improve the quality and coverage of CEF eTranslation

Partners:
- Tilde, Latvia (coordinator)
- University of Copenhagen, Denmark
